Saturday May 28 - 10.00 am & 7.30pm

Rating G

A musical journey of self-discovery for five young, female school leavers, embarking on a holiday together that will test friendships and ultimately reveal new strengths and greater understanding.

St Monica's College students are proud to present this fresh new musical, unique in nature as it is a showcase of a number of the school's talented ensembles (Dance, Choirs, Jazz Band, Percussion, Wearable Art and Flute Choir), all linked in performance, by a script of the school's own making.

The production will be enlightening, insightful and aim to challenge the audience to be introspective, and delve deeper beyond what we can see on the surface with people; so learning to accept others imperfections while revelling in own beautiful flaws.
