ABOUT TYC

TYC is a multi-award winning and nationally recognised youth theatre company that awakens children and young people's imaginations; inspiring a culture of true creativity. Our mission at The Young Company is to spark the imagination and fuel a sense of discovery in children and young people. We do this through innovative theatre for, by and with children and young people as well as a creative programme of learning, in a welcoming and stimulating environment. In turn, fostering our regions creative young people in a supportive community while providing career pathways in the Creative Industries across Australia. At TYC our theatre training is especially unique because we believe that the best place for young performers to learn their craft is on stage in front of an audience. We showcase young talent at the end of each semester, during Camp holiday programs and also during term-time for our main-stage productions.
