Growing up Online:

An informative & entertaining session for Parents and carers is delivered with Susan's famous 'no nonsense' approach & will cover the positive benefits of technology as well as what parents need to be aware of:-

- ❖ What are kids doing online – The popular social networking sites and apps. What they are, what are the legal ages to use them & why these rules should be obeyed. The difference between an 'online friend' and a 'stranger'.
- ❖ Online Grooming – What is it and when/how does it occur? What are the warning signs & what to do if you suspect this is happening to your child.
- ❖ Cyberbullying - What it is, where it happens, what it looks like, how to prevent and what to do if it occurs. Also the legal consequences and the possible criminal charges.
- ❖ 'Sexting' – the taking and sending of explicit images... what are the REAL consequences. (Primary school kids to).
- ❖ Potential dangers and safety tips – how to assist the children in your care to stay safe online via parental controls and restriction passcodes.
- ❖ Learn the lingo.....be able to converse with your children in the language of cyberspace.
- ❖ Be confident in setting rules and boundaries around internet use in the home. It's OK to say NO!
- ❖ The session will conclude with time for Q's. Susan also provides a range of useful handouts and information about where to go to access further up to date information.
